

# TUI Airline Environmental Policy

## Vision

Only by helping to make the world a better place, can holidays keep getting better – it really is that simple. We will work tirelessly to create experiences that are more responsible and more enjoyable, one holiday at a time. In TUI Airline we will do that by stepping lightly and reducing the impact of holidays on the environment and by leading the way in pioneering sustainable tourism so that travel and sustainability really can become inseparable.

## Environmental Policy Commitments

### TUI Airline commits to:

- Providing a solid framework for setting and reviewing environmental objectives
- Protecting the environment, including prevention of pollution
- Continually improving the environmental management system to enhance environmental performance
- Conforming to compliance obligations
- Embedding environmental requirements into the procurement of products and services

## Environmental Objectives

### In support of the above, we pledge to:

- Reduce carbon emissions per revenue passenger km
- Maintain ISO 14001 certification
- Source food, beverages and other supplies responsibly
- Segregate cabin waste and work with destination airports to improve waste management and recycling
- Pilot cutting-edge sustainability technologies and practices
- Collaborate on projects and partnerships to help scale up sustainable aviation fuels.

TUI Airline Board is responsible for ensuring compliance with this policy.
